

Guide to berth holders at Plymouth Yacht Haven

For the latest guidance and information, please visit www.yachthavens.com/PlymouthSafeBoating

In the context of the UK Governments Covid-19 Recovery Strategy and associated documents it has been concluded that the re-opening of marinas for leisure boating customers is now permissible, subject to the strict compliance to social distancing and hygiene guidelines provided by government.

All activity should be consistent with the government [guidance](#) regarding health, social distancing and hygiene.

That means that participants and others can maintain a safe two metre distance, that good hygiene practices are in place, that equipment is disinfected regularly, and that it is clear that anyone who is symptomatic or suspects they have been exposed to the virus does not take part and remains at home.

There are no restrictions on how far you can travel to get to the marina. However, you cannot stay overnight at a holiday home or second home which applies to boats also. This means that for now boating is limited to day trips where you can return to the marina and then home afterwards.

We would therefore urge all berth holders to consider the following before they plan a day trip to their boat:

- Plan ahead – ensure the safety of those around you and try to avoid areas that may attract lots of people.
- Only use your boat if you can apply social distancing at all times, including when mooring your vessel to leave a safe distance from others.
- Travel with members of your household only, if no one in the group is displaying COVID-19 symptoms.
- You may only meet one person outside your household if you apply social distancing.
- Be aware of the impact on emergency services if you were to get into difficulties. Think about what action you will take if your boat breaks down – recovery services may be operating limited services.
- Apply all normal sensible safety precautions and always wear a life jacket when on deck and use a kill cord if required.
- Be caring and considerate of local residents who may be nervous about the risks of increased numbers of people in the area.

Marina specific guidelines

Safe Boating with Yacht Havens

Please help us keep boating and marine services open, safe and accessible for everyone to enjoy through this time. Following a few simple suggestions will improve your safety and the safety of others and help everyone enjoy boating responsibly.

 <p>BEFORE YOU GO</p> <ul style="list-style-type: none"> • Only make boating plans with members of your immediate household • Pack hand sanitiser, disinfecting wipes & disposable gloves • When fuelling, avoid direct contact with our haven misters, maintain a 2 metre distance to help them safely serve you • Ensure your vessel is seaworthy and the forecast is suitable, minimising any need for emergency services to be mobilised • Get ready for a day of recharging in nature and social distancing on the water 	 <p>IN THE MARINA</p> <ul style="list-style-type: none"> • Maintain a 2 metre distance from all others • Don't loiter/gossip around the marina and don't enter the office or washrooms unless you can be sure to maintain social distancing measures • Use gloves when handling buoys, key pads or shared facilities • Limit your area to only your crew and avoid the common courtesy of helping others with their lines 	 <p>ON THE WATER</p> <ul style="list-style-type: none"> • No beaching your boat right next to someone else • No fishing up - keep your distance on the water • Find a secluded spot away from others to relax • Always remember to boat safe and be courteous and courteous to those around you • Enjoy your boat, the water, and the fresh air! 	 <p>RETURNING</p> <ul style="list-style-type: none"> • Follow the same guidelines as when you launched your boat • Secure away your boat and continue on the home • Please continue to be safe and protect those around you off the water <p>Don't forget, the haven team are here to help, please continue to communicate with us by VHF, phone or email whenever possible to avoid congestion in the marina office</p>
--	---	---	--

You must comply with the latest Government guidelines and advice at all times.

You are respectfully asked to move freely through the marina from your vehicle to your boat and away from the marina to enjoy your day out on the water as quickly as possible. Please do not linger and be aware of the governments rules about groups of people and being with people not in your household. Your travel to the boat is for exercise and sport, it is not for hospitality and leisure.

Do not use the keypads to access the car park, marina and facilities, please use your keyfobs so you are not required to touch anything.

Do not raft up on the fuel dock or while waiting for fuel. We expect peak demand so please check by VHF CH80 if the fuel dock is clear before approaching

You can meet one other person from outside your household if you are outdoors at the marina. Public gatherings of more than 2 people from different households are prohibited in law. At all times, you should continue to observe social distancing guidelines when you are outside your home, including ensuring you are 2 metres away from anyone outside your household. You cannot invite friends or family outside of your household onto your boat.

On the pontoons you must maintain a 2m gap between people not in your party. Please give priority to those exiting the pontoons by moving aside along one of the fingers to maintain a 2m gap.

Pack hand sanitizer, disinfectant wipes and disposable gloves. Please use appropriately when touching shared facilities such as trolley handles.

Please don't congregate on pontoons or around the marina and do not enter the office or washroom facilities unless you can be sure to maintain social distancing measures.

In the marina office and facilities you will see floor stickers at 2m gaps, please use these as a guide. At the front desk please do not approach past the tape on the floor and if there are people already at the counter please wait at the bottom of the stairs.

We will continue to maintain our high standard of cleanliness in all facilities but we cannot guarantee they will be Covid 19 virus free so please use with extreme caution and only at your own risk.

Just being back out on the water is going to be a great relief to many of us and a perfect tonic for this period of lockdown, but we must all play within the rules, be considerate of those who live in the places we are visiting and always have thoughts for the frontline workers who are still battling this virus.

Please continue to stay alert and follow all the advice from the government and from our Haven Team on-site.

As with all of the measures above, we're asking our customers to be patient, and to respect all social distancing guidance and the ways in which our marina team need to respond to the individual challenges.

As you know the team have been looking after the marina and all the boats throughout this crisis and we are extremely proud of how they have performed. We respectfully ask for your patience, understanding and above all adherence to the rules to avoid a further lockdown. Please show them your support as we adjust to our 'new normal'.
